Once again: Please, Please help save lives by sharing this Good Reality Check Poster that my nine year old Daughter did:

 **"DON'T KILL, DON'T DIE, DON'T TEXT AND DRIVE"** 

She even made a song about it, because as we drive to and from school she noticed how many people are in danger, not only to themselves also to others that refrain from texting and driving. It's better to wait a Minute,,, a Second,,, than a Life time of knowing you knew better.

Our Prayers go out to all those who has died and to all families who has lost a loved one on an accident due to texting or talking on their phone while driving.
